

GRADUATE ENGINEERS RECRUITMENT PROGRAM

08.06.2012

We are looking for ambitious, focused and committed individuals to join our Industrial Teams within our Plants in Mombasa and Athi River. We are looking for ambitious, focused and committed individuals to join our Industrial Teams within our Plants in Mombasa and Athi River.

Bamburi Cement provides an opportunity for Graduates to learn and develop as members of a dynamic committed team and be at the fore front of industrial operations. Successful candidates will be given an opportunity to develop their careers in Mechanical, Electrical, Mining and Geology, Chemical and Process Engineering or Industrial Chemistry and will be required to complete a two (2) year Cement Professional Development Program.

If you graduated with a minimum of a Second Class Honours (Upper Division) degree in the last twelve (12) months or have successfully completed your studies and expect to graduate with a Second Class Honours (Upper Division) degree in 2012 and are willing to work anywhere within East Africa, we want to hear from you.

Specify your area of interest, i.e., Mechanical, Electrical, Mining and Geology, Chemical & Process Engineering or Industrial Chemistry on the application, envelope and/or email subject line. Include a detailed CV together with copies of your transcripts and the names of three referees who can provide confidential assessment of your capabilities to a search committee by the Friday, 08 June 2012 to the address below.

APPLICATION ADDRESS: All communication relating to applications for these positions should be addressed to:

Bamburi Cement Limited
Kenya Re Towers 6th Floor
P.O. Box 10921-00100, Nairobi
OR

email to: career.applications@bamburi.lafarge.com

Bamburi Cement Limited is an equal opportunity employer. East African citizens are encouraged to apply.
Only successful candidates will be contacted.
