

Bamburi recognized in the Road Safety Awards 2011

21.11.2011

November 8, 2011

Bamburi won 3rd position in the **Motor Commercial (Own Goods) Category Road Safety Awards** that is organized by the Association of Kenya Insurers (AKI).

The AKI participates in the road safety campaign that seeks to reduce road carnage. By this, the AKI awards recognize organizations that have made verifiable and significant strides towards reducing road carnage in Kenya.

In line with the general Group Health & Safety Policy, it is the policy of Bamburi;

- To adopt a systematic approach to the management of Road Transport safety issues.
- To assess the risks associated with our road transport activities and to reduce them to the lowest practical level.
- To document our actions for managing Road Transport risks in our HS Management System and in Road Transport Safety Cases to be reviewed periodically by management.

- To continuously improve our Road Transport safety performance and conduct our Road Transport operations in accordance with relevant Lafarge, National and legal requirements.

These guidelines help Bamburi to continuously make the effort in ensuring the safety of our nation by making our roads safer.
